Arãdãtsinj* – Roots

This work is inspired by my personal roots and by the community's own story and journey.

***Aromanian dialect from Krushevo**

The Sun –
the Main Symbol
of the Aromanians

Moscopole –
once a major
economic and
cultural center
for the Aromanians.

Woman –
a key figure through
whom culture and
language are
transmitted and
preserved.

Krushevo, N. Macedonia –
the only town in the world
where Aromanian is an
official language, and a
major Macedonian town
deeply connected to
Aromanian culture.

Family –
the primary space where
Aromanian is learned,
spoken, and transmitted
across generations through
everyday life and oral
tradition.

Mountains –
central to Aromanian life,
shaping mobility, pastoral
traditions, and cultural
identity.
